### **Objective**

#### **Experience**

##### **Student Worker**

Louisiana State University, Baton Rouge, LA

09-18-2017 – *present*

Maintaining the two hydroponic systems in the greenhouse and the organic garden at the Horticulture teaching facilities on campus.

##### **Garden Maintenance**

Baton Rouge, LA

Fall 2016- Spring 2017

Worked in a residential neighborhood maintaining five garden beds. Worked on weed control, transplanting, propagating, fertilizing, and disease control.

##### **Hilltop Arboretum Gardening Center Volunteer**

Baton Rouge, LA

Kid's Sprouts Summer Camp where I was an instructor in teaching kids about seeds, trees, insects, and water.

##### **Sustainable Agriculture Club**

Help set up a produce stand and sell what we harvested that day from the organic garden.

##### **Horticulture Club**

Propagating ornamental flowers and preparing for the annual plant sale.

**Education****Current student**

Louisiana State University, Baton Rouge, LA

Currently in my second year of undergrad, pursuing a double degree in Horticulture and Anthropology with a minor in International Studies. I have taken a class in plant propagation class, organic gardening, and plant identification.

Current GPA is 3.5

Dean's List Spring 2017
